DETAILED ACTION

This application is in condition for allowance except for the following formal matters:

Specification

1. The title of the invention is not descriptive. A new title is required that is clearly indicative of the invention to which the claims are directed.

Drawings

2. The drawings are objected to because:
 - Fig. 1, reference numerals “74” representing the cartridge memories of the cartridges [81, 82, 83] of both apparatuses [101, 102] need to be changed to --71, 72, 73--, respectively. [See page 11]
 - Fig. 2, in apparatus [102], the interval between the transferring materials [P] needs to be shown correctly; i.e., end of top sheet and top of bottom sheet must be shown to be apart by a distance W.
 - Fig. 3B, block 15, “LUMP” needs to be changed to --LAMP--.
 - Figs. 4A and 4B, bottom block, “LUMP” needs to be changed to --LAMP--.

Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as “amended.” If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must

Art Unit: 2852

be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

Allowable Subject Matter

3. Claims 1-24 are allowed.

Prior Art

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:

- Sasame et al. ['745] disclose an image forming apparatus having a plurality of image forming stations.
- Wachter et al. ['216] disclose a system for estimating the remaining life of a print cartridge.

Art Unit: 2852

- Takayanagi et al. ['178] disclose an image forming apparatus having an interchangeable cartridge.
